## ACCUSED OF MURDER

LAURA, ROSE AND MARTIN BRUIN PUT IN JAIL.

The Grand Jury Thinks They Murdered Edmund Bruin.

One of the indictments returned by the grand jury which was dismissed Tuesday, was against Laura Bruin, Rose Bruin or Garrott, and Martin Bruin, they being charged with the murder of Edmund Bruin, the old negro man whose decomposed body was found floating in the river near Cates' Mill some time ago. These negroes were arrested at the time of the finding of the body, but at their examining trial were dismissed on account of the difference in the testimony in regard to the wounds on the neck of the body.

A post mortem examination was made by Dr. Andrew Sargent, but his report was never made public. The grand jury took up the case this time however, and from the evidence brought before them returned an indictment against the three negroes charging them with the murder of the old man. The negroes were arrested yesterday afternoon by Sheriff Davis and lodged in jail.

## THE COUNTY ROADS

ARE IN DEPLORABLE FIX SAYS GRAND JURY.

That Body Roasts Present Road System in This County.

(From Thursday's Daily.)

We, the grand jury of Christian county, deplore the fact that according to the sworn evidence, many of the public roads in our county, and the culverts across them, are in a very bad condition, dangerous to the traveling public now in places and in the winter season practically impassable. Our tax payers pay heavy revenue to keep up our roads and deserve, and have a right to expect, at least fairly good roads in return.

Under the present system of maintaining the public roads in Christian county there seems no one subject to indictment for this condition of affairs except the road overseers. The road commissioner of the county is so appointed and hedged in by the orders of the fiscal court as to shield him from indictment. He not occupying the place of road supervisor, the office created by the statutes of the state, but is in fact holding a place and drawing a salary of \$1,000 unauthorized by the statutes and by reason of the new and unauthorized position and salary, he, as we are advised, can not by this grand jury be held liable for his failure to keep up the public roads for which the people have paid their money, but is amenable only to the fiscal court for his acts. We, therefore, condemn the entire system of maintaining our public roads, the present condition of our roads, pikes and culverts as grossly inefficient and extravagant in paying the people's money in unwarranted salaries and as a waste of the revenues of the county.

## THE CONVENTION

AT METHODIST CHURCH  
WELL ATTENDED.

Interesting Addresses Yesterday.—Big Crowds.—Fine Music.

From Wednesday's Daily.  
The sessions of the Woman's Foreign Missionary society Sunday were very interesting and largely attended. Saturday was taken up with business. Saturday night the church was crowded with people to hear the talk of Mrs. Cyril Bird, missionary to Africa. The missionary gave a very graphic description of the great need of more determined work in the Dark Continent, but also showed the great good which had already been accomplished.

Sunday morning at Sunday-school Mrs. Bird made another short talk, which was listened to with closest attention.

At the morning preaching hour Dr. Seth Ward, of Nashville, Missionary secretary for the Southern Methodist church, delivered a most impressive and appropriate missionary sermon. After he had concluded a collection was taken and about \$300 was raised for the support of an additional missionary. It is the custom in the society whenever a new missionary is sent out to name some prominent member as Honorary Life Patron, and this honor yesterday was conferred on Miss Katie McDaniel, of this city, the efficient recording secretary of the society and one of its most tireless workers.

Last night Dr. Margaret Polk, missionary from Soochow, China, talked at length on the customs of that country and conditions existing there. The crowd gathered to hear her overflowed the room although every available chair was procured and placed in the aisles and the altar was filled. Numbers were turned away. Dr. Polk's address was very interesting and gave a clearer insight into the prevailing conditions in China than could have been obtained in any other way.

Yesterday afternoon a missionary experience meeting was held which was well attended and enjoyed. A specially pleasing feature of the services yesterday, as well as all the services, was the music. The choir of the local church has taken great pains with this feature of the program and the music was excellent.

At the service yesterday morning Dr. Robert McDaniel and Miss Florence Elgin gave a flute and violin duet. Last night Miss Lillian Gary charmed the audience with a delightful violin solo.

This morning was devoted to business, the roll call being made, rules of order adopted and numerous reports were read. All these reports showed a most satisfactory increase in interest, membership and collections. At this meeting Mrs. Livingstone McCartney, of Henderson, read a paper entitled "Woman's Work Essential to Foreign Missions, which was heard with interest. The paper showed deep thought and study of the question. Dr. Seth Ward then addressed the body, giving particulars of his recent visit to the schools of Mexico and Cuba. He reported that he never fully understood the value and far-reaching effects of the missionary work until he visited these schools and saw the great good they were accomplishing.

Last night Mrs. Cyril Bird addressed a large congregation of colored people at the colored Methodist church.

Tonight will be devoted to juvenile societies. A most entertaining program has been arranged for the occasion and this service promises to be especially interesting.

The Woman's Foreign Missionary society is one of the most important branches of Southern Methodism. Since the organization the body has raised nearly two million dollars. Last year the amount raised was about \$112,000 and this will be great-

ly increased this year. The Louisville conference raised over \$6,000 this year. The society supports sixty-five missionaries and one hundred and sixty-five native assistants in China, Korea, Brazil, Mexico and Cuba. The society of the Louisville conference supports three missionaries, Misses Mattie Watts and Clara B. Fullerton, of Louisville, and Clara B. Fullerton, of Louisville, in Brazil, and Miss Alice Griffith, of Marion, in Mexico. They also have twenty-three foreign boarding schools with seven hundred and eighty pupils; fifty-two day schools with two thousand pupils; six kindergartens, two hospitals, three bible schools and one hundred and four bible women. Foreign property owned amounts to \$104,000.

This foreign work is supported by the thirty-four conference societies of the United States. These are subdivided into two hundred and seventy districts with 2,250 auxiliaries, with a membership of 43,776. There are 1,197 juvenile societies with a membership of 28,844, making a total membership of the adult and juvenile societies 62,624. These figures are taken from last year's report and the reports to be made here will show a most satisfactory increase in all departments.

Probably the most important branch of the work and the one in which the members take an especial pride, is the Skarritt Bible and Training school at Kansas City.

This school is fitted with all modern methods and also gives the pupils a thorough training in hospital work. After a candidate has been recommended for admission into this school she is required to take a two years course before being allowed to enter into active work in the mission fields.

The affairs of the society are conducted entirely by the ladies, and that they dispense the amounts raised in a most judicious manner is evidenced by the good done.

## ACT QUICKLY.

Delay Has Been Dangerous  
in Hopkinsville.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. Mrs. O. P. Lewis, wife of O. P. Lewis, blacksmith and general repairer living at 508 N. Virginia St., says: "Acting upon the advice of friends I procured a box of Doan's Kidney Pills at Thomas & Trahern's drug store and tried them for kidney complaint from which I had been a constant sufferer for a long time past. My back had been in such a condition that it was the greatest distress for me to stoop or lift anything but I had taken only a few doses of the pills when I felt greatly benefited. The kidneys were strengthened and the aching in my back relieved. My daughter Mrs. Wm. J. Tobin, who also complained a great deal of her back, used Doan's Kidney Pills and was similarly benefited. I take pleasure in recommending this remedy to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name Doan's and take no other.

## Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

## Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

## CONTRACT AWARDED

FOR ERECTION OF TWO  
WINGS TO ASYLUM.

Forbes Manufacturing Co.,  
is The Lucky Bidder.—  
Price Not Given.

The contract for the building of the two new wings to be added to the Western Kentucky Asylum for the Insane was awarded to Forbes Manufacturing company of this city. There were four bidders for the contract, there being a difference of \$14,500 between the highest and that submitted by Forbes Manufacturing Co. The contract calls for an east and west wing to the building, the west wing to be five stories high and the east wing to be three stories with basement. The east wing is to be completed by Dec. 1 and is for the female wards. The female wards of the present building are greatly crowded so the work on this wing will be rushed. The west wing is to be completed by April 1, 1905.

The contract for the foundations was let several weeks ago to Mr. L. H. Davis. The foundations on one wing are now ready for the joists and the other will be ready in a few days. When completed the asylum will have a greatly increased capacity which will relieve the present crowded condition of the institution.

## Will Marry.

Warfield, in Clarksville on the 22nd inst., the ceremony being performed by Rev. S. R. Measias. The bride and groom will leave after the ceremony for a bridal trip to St. Louis after which they will re-

turn to their home in Guthrie. Mr. Rawlins for some time has been the courteous and efficient manager of McGeehe Bros.' branch store at Guthrie.

## A Happy Reunion.

The Clarksville Star says: "Messrs. Malcolm, James W., Thomas A. and Sam McGeehe, the former of Virginia, the latter of Pembroke and the other two of Clarksville, are having a family reunion in this city at present, it being the first time the four brothers have been together for thirty years, more than a quarter of a century."

"Yesterday the family took dinner with Mrs. Sallie McGeehe, last evening supper with Mr. and Mrs. T. A. McGeehe and today dinner with Mr. and Mrs. J. W. McGeehe.

"All the members of the family are enjoying the reunion to the fullest extent, and it is indeed a happy family gathering."

There were originally five of the McGeehe brothers and all of them were at one time in business in Christian county. It will be remembered that the fifth brother was burned to death under his store at Bellview which was blown down upon him in the cyclone that passed over this county in 1891.

## The Cut Worms.

In discussing the crops of Montgomery county, the Clarksville Star says: "With the tobacco cut worms are playing havoc. In some cases farmers have had to set three times owing to the fact that the cut worms have destroyed their first settings, and have not yet had a successful stand."

## Sponsor Appointed.

Miss Alice Jones, daughter of Col. E. D. Jones, of Church Hill, has been appointed sponsor for Ned Merriweather camp for the Confederate Reunion at Nashville, June 14-16.

**Triumphs of Modern Surgery.**

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third of the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by L. L. Elgin.

**Painless, Natural Childbirth.**

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself; her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easy. His health in after life depends greatly upon the manner of his coming: would you have your child a cripple, or would you have him a tower of strength? Strong men are but grown-up children; a famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

**Mother's Friend**

Is a liniment which will forestall any possibility of accident at birth; that is, it relaxes all the abdominal muscles and tissues, and permits of an easy access to the child. It eases the mother's pain, and so assists nature that when baby comes he starts out in life with a constitution well able to fight life's battles, and to bloom into strong pure manhood that is the comfort and delight of every true mother's heart.

## MISS ANDREW

### WILL PREPARE FOR MISSIONARY WORK.

#### Young People Rendered a Fine Program at Methodist Church.

From Wednesday's Daily.—Yesterday was a busy day with the Woman's Foreign Missionary society conference which is in session at the Methodist church. The day was taken up with hearing reports from the various societies and districts and these being so numerous time did not permit them to be finished yesterday and they are being concluded today.

The report of Miss Tula C. Daniel, corresponding secretary, showed a wonderful and most pleasing increase in all lines. This report showed that there were in the Louisville conference 125 adult societies with a membership of 1789; twelve Golden Link societies with a membership of 188; thirty-six juvenile societies with a membership of 530, making a total membership of 2507, a net increase of 188. During the year just closed there have been twenty-five adult, one Golden Link and twelve juvenile societies organized. The report of the "Buds and Blossoms," a new department which was only organized a year ago, shows that there are forty-five babies enrolled in this department.

The societies of the Louisville conference has 229 life members and supports three missionaries, five bible women and sixteen scholarships and have now two candidates for the mission fields. During the year they have raised \$6,421.75, an increase of over \$1,000. Miss Daniel also made a report of the meeting of the woman's board, of the entire Southern Methodist church, which met at Jacksonville, Fla. At this meeting it was shown from the reports that in the Southern Methodist church during the last year the Woman's Foreign Missionary societies had raised \$132,143.37 and increase over last year of \$19,684.59. Since organization the societies have raised a grand total of \$1,744,808.89. There are fifty-seven societies in the Louisville conference which are on the honor roll. In order to have a society placed on the honor roll every obligation must be met in full. The societies of the Louisville conference yesterday pledged \$2,250 for the support of missionaries, \$350 for tuition of missionary candidates in the training school and \$50 for the training school.

The executive committee examined Miss Eunice Andrew, of Rockfield, Ky., who is a candidate for admission to the training school. The candidate passed a thoroughly satisfactory examination on all points and her application was approved. She will be admitted to the training school where she will take a two year's course, all her expenses there being paid by the societies of this conference, before she will be allowed to undertake the missionary work. This makes two candidates from this conference now in the training school besides the three missionaries already in the field.

Last night a most entertaining program was rendered by the juvenile societies. The church was crowded with an appreciative audience and the exercises were a complete success. The program was as follows:

Anthem, Choir.  
Recitation, Miss Mary J. Williams, of Leitchfield.  
Cornet solo, Miss Lillie Waller, of Morganfield.  
Vocal solo, Miss Irene Boyd.  
Instrumental solo, Miss Ivy Averitt, of Morganfield.  
Vocal solo, Miss Ruth Orr, of Henderson.  
Pantomime, Book of Ages.  
Recitation, Mr. Allan Walker.  
Anthem, Choir.  
Collection.  
Call of the Nations, Twelve Young Ladies.  
Benediction.

## AWFUL DISASTER

NEW YORK, June 15.—The steamship "General Slocum," carrying a Sunday school excursion crowd of 1,600 people, members of St. Mark's Catholic church of this city, and bound for Locust Grove, took fire this morning a short distance off "Hell Gate" and as a result five hundred lives were lost.

The fire started under the lunch counter and when it was discovered an effort was made to run ashore, but this failed. Other vessels went to the rescue and took off about a thousand passengers, but the ship burned so rapidly that no more could be rescued, so the remaining 500 perished either in the fire or drowned when they jumped overboard. The ship burned to the water's edge in a very short time. The vessel had a capacity of 2,500 passengers.

### The Holland Case.

The June term of the Marshall circuit court began at Benton yesterday. The most important case on docket is that against Sheriff Walter Holland, of Calloway county, for killing Hardy 'Keys' last year. This case will come up on the 27th of June. The case went to Marshall county on change of venue, the state of public feeling in Calloway being such that it was feared justice couldn't be done there.

### A Bad Accident.

While performing in Louisville yesterday afternoon, Bert Thornton, a clown with Sells & Downs show, in doing a long jump act fell short of the mattress and injured himself fearfully. One leg was badly broken at the knee and the other was terribly sprained. His agony was excruciating, but while he was being carried from the ring he displayed great nerve by laughingly tossing a good-bye kiss to the audience. He, however, fainted immediately after the canvas flap of the entrance hid him from view. When the accident happened he called his associates to him and told them his leg was broken, but to help him out so the audience wouldn't know it, as he didn't want to break up the show.

### NO REPLY.

(Cablegram.)  
LONDON, June 14.—Russia has not yet replied to the British protest against rice and other foodstuffs being declared contraband of war, but it is pointed out that Great Britain made such a declaration during the Boer war.

### Good Progress.

L. E. McCabe, traveling chief dispatcher for the Illinois Central, says that work on the block signal system from Central City to Paducah is progressing rapidly, and that it will be ready for use about the middle of July and not later than August 1.

## KENTUCKY HOME

The bout will be held in the open air in the Philadelphia Park. The exact date will be decided when the articles are signed. The men will weigh in at 165 pounds.

### A NEW COLONEL.

FRANKFORT, Ky., June 14.—Gov. Beckham this morning appointed G. T. Berry, of Union county, judge advocate general, with rank of colonel, on his staff.

## WILL APPOINT

### ASSISTANT IF THE BISHOP WILL SELECT MAN.

#### Said to Be Status of Project For Aid In This Roman Catholic Diocese.

The Courier-Journal says: Action looking toward the appointment of an assistant to the Rt. Rev. George W. McClosky, bishop of the diocese of Kentucky, has taken such a tangible form that it is said if Bishop McClosky will name the man whom he desires as his assistant, Rome will make the appointment at once.

The labors of the bishop have been steadily increasing for several years and the Catholic communicants of Louisville and of the state in general have felt for some time that an assistant would be necessary, in order that he may be able in the face of existing conditions to continue his work in the excellent manner in which he has performed it in the past. The bishop, however, has been rather conservative in regard to the creation of the new office, as it is considered the privilege of the pope alone to express an opinion in a matter of the kind.

The qualifications of an assistant bishop or of a coadjutor, either of which may be selected to aid Bishop McClosky, are the same. In each instance the man selected must be thirty years of age, and he must in the past have given evidence of his ability as a ministerial. He must have at some time been ordained as bishop, for the capacity of assistant carries with it the duties of full bishop. A coadjutor in addition is appointed to the aid of the bishop with the understanding that he is to succeed the bishop at death. He therefore is never to be transferred as in the case of the assistant bishop.

### Lights Next Month.

Work on the foundations and other brick work of the power house for the electric light plant is now under way and the company hopes to be able to resume operations by the middle of next month.

### Married Sunday.

Mr. Charles E. West, Jr., of this city, was married to Miss Mary Stoddard, of the Macedonia neighborhood Sunday morning. The wedding took place at the home of the Rev. Mr. Davis, who performed the ceremony. The groom is well known in the city and is a son of Mr. C. E. West, Sr. Mr. West and his bride have begun housekeeping on Seventeenth street.

### Married In Clarksville.

James Allen and Miss Ora Lee Beard, of Hopkinsville, were married at the court house today by Squire Smith.—Monday's Clarksville Star.

### Gets a New Road.

The Illinois Central has bought the Indianapolis Southern railroad, which is in course of completion, and will give the I. C. entrance into Indianapolis through Morgantown, Bloomington and Bloomfield. The price is not known, but already \$500,000 has been spent in building the road.

### Killed By Train.

Olive Nisbet, a prominent young man about twenty years of age, of Madisonville, was killed by being thrown from an Illinois Central freight train near Nortonville. He was thrown beneath the train and badly mangled.

### Considerable Loss.

Mr. James Campbell, who resides near the Cadiz pike about seven miles west of the city, had six fine brood sows and about twenty young pigs killed by lightning a few days ago. The hogs were all lying under a large tree which was struck by the lightning, the shock also killing all the hogs under it.

## A LARGE PARTY

(From Wednesday's Daily.)

Most of the Confederate veterans of Christian county left this morning for Nashville to attend the reunion. They left at 6 o'clock over the Tennessee Central, accompanied by a large number of persons interested in the reunion, there being about 115 in the party. On account of the rush it was impossible to obtain a complete list but among those who left were: L. F. Wade, S. A. Wade, P. C. Richardson, S. F. Robinson, I. W. Wallis, E. Y. Pool, James Phelps, J. M. Higgins, G. H. Moore, M. H. Carroll, R. G. Gary, James McClure, J. A. Smithson, Miss Smithson, M. E. Jones, Miss Alice Jones, sponsor for the Ned Meriwether camp, L. Jones, E. D. Jones, Mrs. John Galbreath, J. H. Eggleston, J. G. Bramham, W. P. Winfree, Mr. and Mrs. C. G. Duke, Dr. J. M. Dennis.

Three coaches loaded with veterans came in over the I. C. yesterday afternoon and left at once over the T. C. for Nashville. The yards of the Illinois Central presented a busy appearance yesterday with trains coming and going, nearly all of which were for the accommodation of the veterans in gray.

The Lloyd Tilghman Camp, of Cadiz will be well represented, its members passing through Hopkinsville last night on their way to Nashville. Those in the party were: Capt. B. D. Terry, Capt. F. G. Terry, John H. Caldwell, C. P. Deering, Alf Thomas, Thomas, R. W. Dew, Tom Cochran, J. M. Glover, James Tutt, Richard Wallis, C. P. Bridges, Sam Lancaster, Sam Sumner, R. S. P. Pool, R. A. Burnett, Miss Annette Jefferson and the sponsor of the camp, Miss Mary Terry.

The people of Nashville will do all in their power to make this, the fourteenth, annual reunion the most pleasant the veterans have ever had. The crowd in attendance is large, the hotels and boarding houses all being full, and Ward's seminary has been turned into a "Confederate Hotel."

Gen. Stephen D. Lee, who became commander-in-chief upon Gen. John B. Gordon's death, arrived in Nashville yesterday. Much regret is expressed by all veterans at the absence of Hon. John H. Reagan, of Texas, the only survivor of President Davis' cabinet. Ill health prevents his attendance.

The reunion was officially opened at noon today, being called to order by Gen. G. W. Gordon, of Memphis. After address of welcome, Commander-in-Chief Stephen D. Lee, of Mississippi, delivered an address. Then letters were read from Gen. Joe Wheeler and Hon. John H. Reagan expressing regret at being unable to attend. The Battle Abbey committee reported \$206,000 in cash to be used in the erection of the abbey, and it is hoped \$100,000 more will be raised at this reunion.

Tomorrow there will be another business session as well as various entertainments for the visitors. On Thursday the grand parade takes place. State guard companies from Clarksville and other Tennessee towns will take part in the parade.

There are delegations of veterans in attendance from as far north as Montana and as far west as Texas.

For the first time since its organization the Sons of Veterans today met with the Veterans. Friends of Louisville, Baltimore and New Orleans are working to secure the next reunion.

The Christian county grand jury doesn't approve of the present method of keeping up the public roads of the county and declares the same to be illegal, unauthorized by the statutes of the state, and says that under the present system nobody seems to be legally responsible for the bad condition of the roads and culverts of the county. The grand jury says: "We condemn the entire system of maintaining our public roads, the present condition of our roads, pikes, and culverts as grossly inefficient and extravagant in paying the people's money in unwarranted salaries and as a waste of the revenues of the county."

## IN LAYING MINES

### NINETEEN JAPS KILLED, NINE WOUNDED.

#### A Spy Gives Estimate of Troops Within Walls of Port Arthur.

(Cablegram.)

TOKIO, June 14.—While laying mines at Tadhoku, near Port Arthur, last night, one Japanese officer and eighteen men were killed by an accidental explosion and nine others were wounded.

A Chinese spy whom the Japs smuggled into Port Arthur several weeks ago has escaped from there and made his report. He says that the entire Russian force in the city is less than 30,000, and that there is much sickness among them. He says the food supply there is sufficient to last only about two months and that already everybody has been put on short rations. He reports that the Russians there are working day and night repairing their shattered ships and says that the guns of four of the ships are trained toward the land so as to assist in repelling a land attack upon the city.

The entrance to the Port Arthur harbor he reports to be blockaded, but says it can be cleared by the Russians when they get their ships repaired and want to get out.

Admiral Togo reports that he stormed Yinkow and made a Russian force of 3,000 men and twenty guns evacuate the town.

## A SURPRISE.

NASHVILLE, Tenn., June 14.—Previous to the arrival of the Texas veterans it had been thought that Gen. Stephen D. Lee, of Mississippi, would have no opposition for the office of commander-in-chief, that he would be unanimously chosen, by acclamation, but it now turns out that the western veterans are urging Gen. Cabell, of Texas, for the place. Both Lee and Cabell are very popular and it is believed that the race between them will be lively.

## MOB'S WORK.

LEBANON JUNCTION, Ky., June 15.—While John Irvin, a prominent farmer was in his water melon patch yesterday afternoon, Mary Thompson, a negro woman, slipped up behind him and nearly severed his head with a razor. She was put in jail.

At 2 o'clock this morning a mob took her from the jail, put a rope around her neck and putting the rope over a tree limb pulled her up, but as she weighs 250 pounds the rope broke and she fell to the ground. The mob then fired many shots into her body and left her on the ground for dead. Officers found her later and physicians revived her, but she can't recover, though still alive.

## NAVAL BATTLE.

(Cablegram.)

TOKIO, June 15.—Some time Monday night the Russians succeeded in partially clearing the entrance to Port Arthur and yesterday the Russian cruiser Novik steamed out to sea and engaged part of the blockading Japanese fleet in a battle, but retired when the fire got hot.

Rumors have reached here of a naval engagement between Admiral Togo's fleet and three Russian cruisers which escaped from Vladivostok under command of Admiral Skrydloff. The fight is reported to have taken place in the Korean Strait.

### Grand Jury Adjourns.

The grand jury completed its business Tuesday afternoon and was discharged. It returned twenty-one indictments for crimes ranging from breach of the peace to murder. It made a lively report in regard to the county roads.

## CLIFF DWELLERS

ST. LOUIS, June 15.—Famous caves of the Stone age, as they exist today in the canyons of Arizona, New Mexico and Colorado are reproduced for the habitation of real cliff dwellers on the Pike at the World's Fair, and here the life of these ancient aborigines may be studied amid natural surroundings.

Added ethnological interest is found in a large pueblo of Zuni and Moki Indians who daily perform the historic snake dance and follow the strange customs common to their tribes. These Indians are the descendants of ancient kings and are the remnants of a once powerful race. They have not before been seen at any Exposition.

Huge cliffs form the front of the concession and above these can be seen a towering peak which can be reached by a tortuous trail overhanging rocky ledges, deep fissures and caverns. Burros convey the visitor to the top of the crags, where the caves and their relics may be seen, and where a fine view is obtained of the busy scenes on The Pike below.

Entrance to the city of Cliff Dwellers is through a tunnel which pierces the cliffs. The reverse side of the walls presents more caves and other mountain trails. A large structure of quaint architecture occupies the center of the village, and in this the Indians perform the dance of Kachina, the poetic flute dance and the dramatic snake dance.

The Kachina is distinguished by the use of the heads of buffalo and bear, which are worn by the warriors over their heads to conceal the features, the famous dance rock of Wopli, the Antelope and other interesting sights rise from cañon and sage growing in the rocks and sand.

Long ladders reach to the roofs of the cliff dwellers, and potters, weavers, silversmiths, basketmakers and other Indian workers give the final touch to the attraction.

## NOTED CHARACTERS

### ENROLLED IN CONFEDERATE RECORDS.

#### Military Records of Frank and Jesse James Filed at Frankfort.

FRANKFORT, Ky., June 15.—"Never surrendered and never paroled," is the wording of a record of the military career of Frank and Jesse James just received here from Missouri to be made a part of the compilation of Confederate war records of Kentuckians, which is being made in the department of the adjutant general by direction of the general assembly of 1902. This record will, when completed, make a very interesting document. The record of the James brothers as received gives their birthplace as Kentucky, that they enlisted in Lafayette county, Missouri in 1861, in a company organized in Jackson county, that state. Both were private soldiers in Elliott's cavalry, but served during the latter part of the conflict with Quantrell. Another record lately received was that of the military service of the noted Jim Berry, and another of Jerome Clark, known as Sue Mundy, and who was hanged at Seventeenth street and Broadway, in Louisville.

## RULE OR RUIN

### Was Hopkin's Policy in Illinois Convention.

SPRINGFIELD, Ill., June 15.—The Illinois Democratic convention was completely dominated by John P. Hopkins, whose policy was one of rule or ruin and he walked roughshod over everybody, nominating his out and dried state ticket, and destroying Democratic chances for success in the state in November. Hopkins was assisted by John P. Quinn, of Peoria, who presided with a reckless display of gavel rule. Mayor Harrison was unseated as a delegate and left for home without entering the convention hall. Lawrence B. Stringer was nominated for governor after the other two candidates, Prentiss and Crotts, had withdrawn in angry speeches, declaring that the convention did not represent the Democrats of Illinois. John P. Hopkins, A. M. Lawrence, Ben T. Cable and Samuel Alschuler were elected delegates at large to the national convention. The delegates were instructed to vote for W. R. Hearst for president so long as his name is before the convention.

## BAPTISTS MEET

### General Association of Kentucky Met Wednesday.

Rev. Charles Harris Nash and Prof. Edmund Harrison are in Campbellsville, Ky., representing the Hopkinsville church at the meeting of the General Association of Kentucky Baptists which convened in that city yesterday. There are 200 delegates in attendance. Dr. W. W. Hamilton was re-elected chairman, and Rev. E. W. Cokley was made secretary. The annual sermon was delivered by Rev. T. T. Eaton, of Louisville.

### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by L. L. Elgin, Cook & Higgins Druggist, Trial bottles free, regular sizes 50c, and \$1.00.

Mr. Lucian H. Davis is confined to his room today by sickness. He hopes to be out in a day or two.

## PICKLED HUMAN HEAD.

### Crowsome Relic of Barbaric Chief to Be Seen at World's Fair.

ST. LOUIS, June 14.—The head of a South American tribal chieftain, cut off and preserved by his conqueror, a neighbor barbarian king, is a gruesome but interesting exhibit in the Brazilian section of the Anthropological building at the World's Fair. The head is a part of a collection of relics of the native tribes of Brazil.

After being cut off, the head was treated after the custom in such cases by having all the facial and skull bones removed. It was then put through a process of curing that hardens the flesh and preserves the original color. As a result the head is practically unchanged, except in size. The process reduces the size and the once savage chieftain's head now appears about the size of a man's fist. A luxuriant growth of hair of more than a foot in length is appended to the diminutive relic, the features of which are perfectly preserved. The mustache and beard are also perfect.

The specimen was secured from the warrior who decapitated it in the interior of South America and is the only relic of nature on exhibition anywhere.

## JENKINS-HILL.

### A PRETTY WEDDING AT CHRISTIAN CHURCH.

#### M. Robert W. Jenkins and Margaret Hill Married

(From Wednesday's Daily)

One of the prettiest weddings that has ever been seen in Hopkinsville took place in the Christian church this morning at nine o'clock when Mr. Robert W. Jenkins, of Daltart, Texas, and Miss Margaret Hill, of this city were made husband and wife. The ceremony was performed by Rev. H. D. Smith, pastor of the church, and was witnessed by an audience that completely filled the building. The church was beautifully decorated in white and green, the work having been done by the Sunday school, of which the bride was a most popular member.

On entering the church the wedding march was begun by Miss Nan Long, who rendered it in a most charming manner, and the wedding party proceeded up the center aisle to the altar, where the bride and groom took their place under a beautiful marriage bell made of white flowers most artistically arranged and there the minister pronounced in an impressive manner the words that made the twain one. The ceremony was performed with a ring, the bearer being James West, the little nephew of the bride. The flower girl, little Miss Mary Virginia Stevens, preceded the party to the altar. During the ceremony Miss Nell Donaldson rendered a beautiful solo entitled "All For You."

Mr. William Snider, of Bowling Green, was the groom's best man, while the bride's maid of honor was Miss Annie Taylor, of Springfield, Tenn.

The bride wore a handsome gown of gray chiffon over silk and a real lace hat, while her maid of honor, Miss Taylor, was handsomely gowned in a creation of jute cloth.

Messrs. Clifton and James Long acted as ushers.

Immediately after the ceremony Mr. Jenkins and his charming bride repaired to the L. & N. station, where they took the 9:50 train for Adairville, at which place a reception will be given in their honor tonight by Mr. William Jenkins. From Adairville they will go to St. Louis and after visiting the exposition will go to their future home at Daltart, Texas, where they will be at home to their friends after July 1st.

The bride, who is a daughter of Mr. and Mrs. James D. Hill, is a charming and attractive young lady, as well as one of the most popular in the city. She is a member of several literary and social clubs, and is also a tireless worker in church affairs. Mr. Jenkins is to be congratulated upon winning her for his life companion.

Mr. Robert W. Jenkins, the fortunate groom, is a member of the M. T. Jones Lumber company, at Daltart, Texas, where he stands high in the esteem of all who know him. The wedding was attended by a number of people from a distance, among them being Mrs. Chas. M. Heublein, of Jacksonville, Fla.; Miss Ida Baker and Mrs. W. T. Baker, Princeton, Ky.; Mrs. T. M. Hill, Louisville, Ky.; Mrs. E. C. Duncan, Misses Nettie Lisman and Maud Winstead, of Dixon, Ky.

### HOOKS-MOORE.

Mr. R. E. Hook, of Cairo, Ill., and Miss Stella R. Moore were married at 5:35 o'clock this morning at the residence of the bride's mother, Mrs. M. J. Moore, on South Campbell street. Immediately after the ceremony was pronounced Mr. and Mrs. Hooks were driven to the Illinois Central depot where they were just in time to take the train for a bridal tour to St. Louis and other points of interest. On their return they will reside in Cairo.

The ceremony was pronounced in a very impressive manner by Rev. W. P. Cashman, of the Methodist

church. The wedding was very quiet only the immediate families of the contracting parties and a few invited guests being present. The bride wore a becoming traveling dress of blue, while the groom was dressed in the conventional black. The groom is well known here, he having been local agent of the American Express company for several months. He is now express messenger on a run from Cairo to New Orleans. The bride is one of the handsomest and most talented young ladies of this city, and the good wishes of a host of friends here follow her to her new home.

## CONSOLIDATION

### Of Louisville's Five Medical Colleges Advocated.

(Special to New Era.)

LOUISVILLE, Ky., June 15.—An effort is to be made to consolidate the five medical colleges in this city.

"I think that the tremendous competition from medical institutions in other cities necessitates the consolidation of the five medical colleges in Louisville into two great universities," said Dr. W. H. Wathen, Dean of the Kentucky School of Medicine, last night.

"The chief difficulty in the way of the consolidation is that one college is owned by the city, one by a university and the others by private individuals. How to unite the interests on a pro rata basis would be a matter of much difficulty, for some of the owners might hold out for a share and share alike combination. This would not be fair. I believe, however, that the heads of the five colleges can get together, to effect a combine as a matter of self-protection."

About 500 students are given the degree of M. D. in this city every year.

## ANNUAL PICNIC

### Cumberland Presbyterian and Sunday School's Outing.

From Wednesday's Daily.

The scholars and teachers of the Cumberland Presbyterian Sunday school will have their annual picnic next Friday and it will take place on the farm of Mr. C. I. Crabtree, on the Clarksville pike, a short distance from the city. A charming spot for an outing having been selected, a most highly enjoyable day is anticipated by those expecting to attend.

The New Era is requested to say that persons who have no conveyances in which to go will be carried out free if they will be at the Cumberland Presbyterian church Friday morning at 8 o'clock, as that is to be the hour for starting.

### Accepts Position.

Mr. Edward Southgate has accepted a position as book keeper and stenographer in the office of Mr. Lucian Davis.

## Caught An Alligator.

While playing on the bank of the river near the I. C. depot yesterday afternoon, Jack Goubot, a boy about fifteen years of age, caught an alligator. The boy saw the alligator near the bank and caught it by slipping a wire over its neck. The reptile did not make any attempt at flight further than blowing like a goose.

## A WARNING

### TO AGITATORS ISSUED BY BUSINESS MEN.

(Special to New Era.)

CRIPPLE CREEK, Col., June 16.—A committee of forty leading business men today unanimously agreed upon the following statement of the attitude of the employers toward organized labor in this district:

In the future neither walking delegates, agitators nor labor unions will be allowed to say who may labor in Teller county, or who may or may not do business here. The source of all strife in the Cripple Creek district has been the Western Federation of Miners and the Trades Assembly, which they dominated and through which they carried out their boycotts, etc.

There is no room in Teller county for these two organizations, and their existence will no longer be tolerated. The citizens and taxpayers are determined to have peace and law and order in Teller county, and while they have no wish to work hardship upon any person simply because of his membership in a labor union, nevertheless drastic measures must and will be adopted to preserve peace.

Unions of the various crafts already organized will not be interfered with as to their local or international affiliations, provided the trades assembly be forthwith disbanded and no similar boycotting agency be organized; provided, further, that such unions of the local crafts have not for their national or international affiliation the Western Federation of Miners, the American Labor Union or the State Federation of Labor or any kindred organization.

We declare against all agitators and walking delegates.

We declare against strikes, boycotts and walkouts.

### 37,000-MILE TRIP.

(Special to New Era.)

SAN FRANCISCO, June 15.—After a journey of 37,000 miles on a bicycle through foreign lands, the Rev. Henry Spickler, graduate of the Chicago University, returned to this country today on the United States transport Logan from Manila, after a three years' absence.

Mr. Spickler started three years ago from his native town, in Upper Alton, Ill., and since that time he has visited nearly every country on the globe.

### LIGHTNING'S WORK.

(Special to New Era.)

LEAVENWORTH, Kan., June 15.—Lieut. Nathaniel T. Bower, engineer corps of Fort Leavenworth, was killed today near the target range.

The officer was on his way to the range to shoot when a bolt of lightning out of a comparatively clear sky struck his rifle, which he was carrying, passed through the arm into the right breast and out through his shoes. He was to have been married in July.

Jim Howard misses his Republican judges that were in the court of appeals a couple of years ago. The court yesterday refused him another trial—a fourth trial—and he will now have to go to the pen. The rehearings granted him before were given without any real legal grounds, his Republican friends finding some little technicality of no importance whatever. The case has hung on long enough and the public is glad that Howard is at last to begin to satisfy the claims of outraged justice.

## Democratic Ticket.

For Congress,  
HON. A. O. STANLEY,  
of Henderson.

The government overlooked one  
thing in preparing for the World's  
Fair. It should have had an exhibit  
of the innumerable old coins upon  
which there is no premium. The de-  
nial that every old coin must have  
extra value is so widespread as  
have become a nuisance.

If the Moorish bandit Raisuli car-  
ries out his threat to murder his pris-  
oners, Ibn Perdicaris and his son, a  
crisis will come for Morocco. The  
United States will then demand that  
the sultan run down and execute the  
murderer. The probability, indeed,  
is that the United States will itself  
have to take a hand in the work of  
chasing the bandits and administer-  
ing summary punishment to them.

The abandonment of Port Dalry  
was a severe blow to Russian pre-  
stige in the far east even though  
the defeat at Kin Chou. That port  
was the pride of the Russian people.  
It was a creation of the St. Peters-  
burg government; it was built out of  
the new in a few years, and its con-  
struction involved the expenditure  
of over \$100,000,000. Just as soon as  
the Russians left Dalry it was occu-  
pied by the Japanese. Russia's de-  
parture, in fact, was so hurried that  
the intention to destroy most of the  
valuable property in the port could  
not be carried out.

The Philippine scouts and constab-  
ulary, a battalion of each of which is  
at the World's fair are not among  
the least of the attractions of the big  
show. They are bright, snappy little  
fellows, who wear their uniforms and  
carry their arms like veterans; in-  
deed they would put some of our na-  
tional guard organizations to blush.  
They seem proud of their position  
and to be apt scholars, and if they  
continue to bear themselves as they  
have done will only be able to carry  
home good reports of their treatment  
while in this country.

The Russians have a habit of say-  
ing what they are going to do to the  
Japs; but as a rule they fail to do it.  
The Japs have a habit of saying very  
little; but how they do saw wood!

It is said that in 1121 Saint Bernard  
issued an anathema against mosqui-  
toes. The unsightly Americans and  
other peoples have been doing like-  
wise ever since with just about as  
much effect; they bite just as vicious-

ly as ever.

It has been decided to keep the ex-  
hibit palaces of the World's Fair  
open until sundown instead of clos-  
ing them at five o'clock, also two  
evenings each week—Tuesdays and  
Fridays—to keep the art palace and  
annexes open until 10 p. m.

The national treasury seems to  
have slumped. Instead of a surplus  
of \$14,000,000, as Secretary Snow  
promised, there will be a deficit of  
about three times that amount. For  
a season of "unexampled prosperity"  
this is very depressing.

The bill to adopt a gold standard  
for Panama has been defeated in the  
Isthmian legislature, and the color  
and texture of their future currency  
are undecided. This greatly embar-  
rasses their beloved Uncle Samuel  
who has been so good to them.

President Roosevelt says that if  
the Central and South American re-  
publics behave decently, pay their  
debts, and are orderly and prosper-  
ous, they need not fear an attack  
from us; but if they are disorderly,  
as we have occasionally been, and  
get in debt, as we are at this mo-  
ment, why, then, they must look out.

Those pestilent fellows known as  
"anti-imperialists" predicted two or  
three years ago that our national im-  
morality in plundering the Filipinos  
and cheating the Porto Ricans would  
react at home upon ourselves. Did  
the reader of this paragraph ever  
know a time when there was more  
embezzlement, highway robbery, and  
motley violation of the rights of oth-  
ers? Perhaps this is the purity of our  
administration abroad reflected up-  
on the people at home, as Senator  
Beveridge predicted.

The constitution created congress,  
and yet the supreme court has de-  
cided that the creature is greater  
than the creator and that the consti-  
tution does not go to the Philippine  
Islands until congress sends it. Ed-  
itors O'Brien and Dorr of the Ma-  
nila Freedom must now spend  
months in jail after having in vain  
demanded a jury trial. It would be  
interesting to know whether they  
will change the name of their paper  
when they remove the visible  
stripes which for some months will  
cover the invisible stripes.

One day last week five bank of-  
ficials in as many states absconded  
with large sums. Their friends gen-  
erally announced that they were  
"unbalanced," merely because their  
books were.

## CROSSES OF HONOR

Belated Consignment For  
Confederate Veterans.

(From Friday's Daily)

The Confederate crosses of honor,  
which were to have been conferred  
on veterans on June 8 at the mem-  
orial exercises, but were delayed,  
have been received by the Daughters  
of the Confederacy. The following  
old soldiers will be given these  
bronze badges of distinction between  
now and the time of the Confederate  
reunion in Nashville next week:

J. P. Braden, Darwin Bell,  
Chas. Campbell, John L. Dickinson,  
L. J. Harris, P. P. Huffman,

Deafness Can Not be Cured  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deaf-  
ness, and that is by constitutional  
remedies. Deafness is caused by an  
inflamed condition of the mucous lin-  
ing of the Eustachian tube. When  
this tube is inflamed you have a rum-  
bling sound or imperfect hearing, and  
when it is entirely closed, deafness  
is the result, and unless the inflamma-  
tion can be taken out and this  
tube restored to its normal condition,  
hearing will be destroyed forever;  
nine cases out of ten are caused by  
catarrh, which is nothing but an in-  
flamed condition of the mucous sur-  
faces.

We will give one hundred dollars  
for any case of deafness (caused by  
catarrh) that can not be cured by  
Hall's Catarrh Cure. Send for cir-  
culars, free.

## Dual Mission.

Mr. Robert Jenkins, formerly of  
this county, near Plano, and later of  
this city, but now located at Delbart,  
Texas, has arrived in the city for a  
short visit to friends and relatives.  
Mr. Jenkins for the past two years  
has been in the "Panhandle" district  
of Texas, where he is very success-  
fully engaged in the lumber business,  
being a member and stockholder of  
one of the largest firms in the Lone  
Star state. His mission to Kentucky  
is for the dual purpose of visiting his  
family and friends and coming after  
a bride from his native state.  
Mr. Jenkins and Miss Margaret  
Hill, a charming young woman of  
Hopkinsville, will be married on  
next Wednesday morning at nine  
o'clock at the home of the bride's  
parents, after which they will leave  
for their Texas home.—Bowling

## THE SUNDAY SCHOOL.

LESSON XII, SECOND QUARTER, INTER-  
NATIONAL SERIES, JUNE 19.

Text of the Lesson, Matt. xxviii, 1-15.  
Memory Verses, 9, 10—Golden Text,  
1 Cor. xv, 20—Commentary Prepared  
by Rev. D. M. Stearns.

[Copyright, 1904, by American Press Association.]  
The awful day of last week's lesson,  
the only day of its kind in the whole his-  
tory of the world, the day of the atone-  
ment for the sins of the world, came to  
an end. When the soldiers came to take  
down the bodies and broke the legs of  
the thieves to hasten their death they  
found that Jesus was already dead, so  
they broke not His legs, thus fulfilling  
another Scripture, "A bone of Him  
shall not be broken" (Ex. xii, 46;  
Num. ix, 12; Ps. xxxiv, 20). One of the  
soldiers pierced His side with a spear,  
and forthwith came there out blood  
and water, again fulfilling Scripture,  
"They shall look on Him whom they  
pierced" (Zech. xii, 10).

Joseph of Arimathea, a rich man, a  
disciple, asked Pilate for the body of  
Jesus, and with the aid of Nicodemus  
wrapped the body in spices and laid it  
in Joseph's new tomb, and thus Isa-  
liah, 9, was fulfilled, "They made His  
grave with the rich in His death." At  
the request of the chief priests, Pilate  
permitted the Jews to seal the tomb  
and set a watch. Certain women, hav-  
ing seen where His body was laid, pre-  
pared spices and ointments that they  
might come and anoint Him when the  
Sabbath was past, for they had not re-  
ceived His word that He would rise  
again the third day. They loved Him  
much, but did not fully believe all He  
had said.

Early on the first day of the week  
the women came to the sepulcher ex-  
pecting to find a dead body which they  
might with loving hands anoint. They  
wondered who would roll away the  
stone, but seemingly did not know of  
the seal and the guard. Arriving at  
the tomb, they find the stone rolled  
away, the keepers trembling for fear  
and a messenger from heaven, in heav-  
enly raiment, with a message for them,  
which is recorded in verses 5 to 7 of  
our lesson.

In this message let us give special  
attention to the words "Fear not." "He  
is risen as He said." "Go quickly and  
tell His disciples," comparing such  
Scriptures as Gen. xv, 1; Rev. i, 17, and  
the many "fear nots" between those  
two. With the angel's "Go, tell" note  
His own "Be not afraid, go, tell" (verse  
10), and His special message to Mary  
Magdalene, "Go to My brethren and  
say unto them, I ascend to My Father  
and your Father and to My God and  
your God" (John xx, 17). Compare Isa-  
vi, 8, and consider if you are willing to  
say, "Here am I; send me!" The fear  
and great joy of verse 8 may be ex-  
plained by Ps. ii, 11, "Serve the Lord  
with fear and rejoice with trembling";  
also by Phil. ii, 12, for there is a holy  
awe which is not inconsistent with  
great joy. A fear to grieve Him is al-  
ways helpful.

A very brief glance is all we feel  
led to give to verses 11 to 15. These watch-  
men were well paid for their lying, but  
today many will lie for very little money,  
possibly not knowing their Father  
nor His and their final doom (John viii,  
44; Rev. xx, 10; xxi, 8). There must  
have been much bribery all round when  
a guard of soldiers could, without fear  
of death, testify that they slept while  
duty. As to the body being stolen,  
they would certainly be strange thieves  
who would or could leave the grave-  
clothes lying as when they contained  
the body and wrap carefully by itself  
the napkin that had been about His  
head (John xx, 6, 7).

But, leaving this devilish episode of  
elders and soldiers, let us rejoice that  
Christ is risen and that we, believing  
in Him, are risen with Him and seated  
with Him in the heavens (Col. iii, 1;  
Eph. ii, 6, 7). Note also that if Christ  
be not risen preaching is vain, faith is  
vain, no sins are forgiven and no one  
is saved (1 Cor. xv, 14-19); but since  
He is risen all is well, and a risen  
Christ at God's right hand, having all  
power in heaven and on earth and say-  
ing, "Go ye, therefore, and teach all na-  
tions, and, lo, I am with you all the  
days," should have hundreds of thou-  
sands of willing and obedient redeemed  
ones rushing to do His bidding and,  
like the wise men from the east, pour-  
ing their gifts at His feet. But it is too  
much like the story of the ten lepers.  
Our Lord is still saying, "Were there  
not ten cleansed, but where are the  
nine?" Either unbelief or ingrati-  
tude, or both, seem much more preva-  
lent than devotion to Him who gave  
Himself for us.

During the forty days between His  
resurrection and ascension He showed  
Himself alive by many infallible proofs  
and was ever speaking of the things  
pertaining to the kingdom of God. If  
the kingdom was as much upon our  
hearts as it was upon His we would  
be more ready to follow Him fully  
at all costs, counting all things but  
dross for Him. Our heartfelt prayer would  
be "that I may know Him and the  
power of His resurrection." (Phil. iii,  
10).

Give attention to this study, if time  
permit, to His various appearances after  
His resurrection: To Mary, to the  
other women, to Peter, to the two who  
walked to Emmaus and to the eleven;  
all these on the first day. Then there  
were at least five other appearances be-  
fore He ascended—the eleven a week  
later when Thomas was present, to  
James, to the seven at the sea of Gal-  
ilee, to over 500 at one time, and one the  
day of His ascension. Note also the  
post-ascension appearances to Stephen,  
to Saul and to John at Patmos. Em-  
phasize that He always showed Him-  
self, and may we all become whole-  
heartedly devoted to Him. If we only  
knew Him as we might and should we  
would devotedly cry, "To me to live is  
Christ!" (Phil. i, 21).

**ACCIDENTALLY KILLED BY HIS OWN PISTOL.**

**Dropped From Its Scabbard While He Stooped Over a Spring.**

(From Monday's Daily.)

The Nashville American of this morning has the following in regard to the death of Police Sergeant A. N. Davis, of that city, who was a native of Christian county and who moved to Nashville about twenty years ago:

"While stooping over a spring to get a drink of water, Andrew Nathan Davis, of the police department, accidentally dropped his revolver from the scabbard, causing the discharge of the weapon, and was almost instantly killed Sunday afternoon between 3 and 4 o'clock at Mt. Calvary cemetery. Sergt. Davis' 11-year-old daughter was standing by his side and his aged mother was only a short distance away at the time of his tragic death. The bullet entered his breast, two or three inches above his heart, and he died in a few minutes."

"Sergt. Davis was the youngest of five children of George Washington and Rachel Davis, and was born in Christian county, Kentucky. He was 45 years old. He was a brother of Capt. Jim Davis, one of the most noted raiding deputies ever in the service of the United States in this section."

Sergt. Davis was a carpenter by trade, but had been on the Nashville police force since Feb. 5, 1896, and was a brave and faithful officer.

### ACTRESS INDICTED.

(Special to New Era)

NEW YORK, June 13.—Nan Patterson, the actress who was riding in the hansom cab with Bookmaker Caesar Young when he was shot and killed on his way to the pier to take a steamer for Europe, was today indicted for murder in the first degree and held without bail.

### New Railroad Projected.

It is likely that a railroad will be built from Madisonville to Central City through the rich timber and mineral lands of that section. Chicago capitalists have bought large tracts of these lands and it is said are contemplating the building of a railroad to properly develop their large holdings. Such a railroad would be of great value to Madisonville and aid much in developing that thrifty little city.—Henderson Gleaser.

### Will Remain Here.

After a careful consideration of the matter, Mr. James B. Allensworth has decided to remain in Hopkinsville to practice his profession. He had announced that he would remove to Ballard county to practice law there and in McCracken, but has concluded not to accept a partnership offer which had been made him, and will continue to make Hopkinsville his home.

### Architect Chosen.

The state house commissioners elected Frank M. Andrews, of Dayton, O., as architect of the new state capitol building. There were forty-two candidates for the place, including many of the most prominent architects of the country. Mr. Andrews received four votes and Frank P. Milburn, of Columbia, S. C., received one.

Mr. Andrews, it is stated, will take to Frankfort at once a force of about twenty draughtsmen, who will go to work on plans for the new building. The commission, it is understood, will go to Jackson, Miss., to inspect the new state house there before selecting a design. They have been invited by Gov. Vardaman to come as guests of Mississippi, and the Louisville and Nashville road has put a special train at their disposal.

**JUDGE J. E. KELLEY, OF CADIZ, HAS PASSED.**

**His Death Occurred This Mornin.—Burial Tomorrow at Wallonia.**

(From Monday's Daily.)

The many Hopkinsville friends of Judge J. E. Kelley, of Cadiz, will learn with profound sorrow of his death, which occurred at 9 o'clock this morning at his home at that place.

Judge Kelly's death was due to a general breaking down of his constitution. He had been ill for the last four or five months and for some time he had been confined to his bed, and his death did not come as a surprise to those familiar with his condition.

Judge Kelley was a native of Trigg county, having been born at Wallonia about sixty-five or sixty-six years ago. Early in life he moved to Cadiz and there began the practice of law, which he continued up to the time of his final illness, which, it is thought, was brought about by overwork in an important criminal case. He was very popular with his fellow citizens, who elected him to serve a term as county judge. He was a gallant Confederate soldier during the war between the states. He was a member of the Christian church.

The funeral services will be held in Cadiz tomorrow morning, the pastor of the Christian church there officiating, and the body will then be taken to Wallonia for interment in the family burying ground at that place.

### 'USE HYOMEI AT OUR RISK'

L. L. Elgin Will Pay For Hyomei Treatment if It Fails to Cure Catarrh.

So pronounced has been the relief and cures following the use of Hyomei in catarrhal troubles, that in nearly every city and village all over this country the leading druggists have advertised that they would pay for Hyomei themselves if it did not effect a cure. In this city, L. L. Elgin has publicly announced in New Era and other papers, "Use Hyomei at his risk." The result has been an enormous demand for the Hyomei outfit, and many unusual cures have been made.

The fact that Hyomei is so convenient and complete and that it cures by merely breathing and not by drugging the stomach, no doubt has had considerable influence in creating confidence in the treatment. When Hyomei is used, every particle of air that enters the head and throat and goes to the lungs, is charged with healing balsams that kill the germs of catarrh and soothe and heal the irritated mucous membrane.

L. L. Elgin urges all who are subject to catarrh or catarrhal colds to get a Hyomei outfit from him and use it at his risk. No matter how skeptical you may be, you cannot dispute the fairness of this offer. Use Hyomei for a month. If at the end of thirty days, you can say to Mr. Elgin "It did not help," he will refund your money without question or argument. This is his way of removing all doubts as to the power of Hyomei to cure catarrhal troubles. We believe it the strongest evidence that can be offered to the curative powers of Hyomei.

### Preparatory School.

The board of directors of the Southwestern Presbyterian University at Clarksville have decided to establish in that city a first class school to prepare young men for college or for business. Steps will be taken at once to secure a good man to take charge of the school. There will be a large boarding department for the convenience of out-of-town pupils.

### VILLAGE DESTROYED.

(Special to New Era)

OWENSBORO, Ky., June 13.—The village of Cromwell, in Ohio county, was destroyed by fire Saturday night, causing a loss of \$80,000. Eleven stores were burned.

**DELIVERIES HAVE BEEN HEAVY RECENTLY.**

**The Next Crop Will Not Be As Large As Usually Planted.**

There have been good handling and planting seasons recently, and deliveries have been large, both of hogsheads and loose tobacco. The prices of the loose received remain about the same, lugs bringing from \$2.50 to \$4.00 for low to good grades. Hogshead tobacco on the breaks is light in public offerings, selling as follows:

Lugs—Low, \$3.00 to \$3.25; common, \$3.25 to \$3.75; medium, \$3.75 to \$4.00; good, \$4.25 to \$4.75.

Leaf—Low, \$4.00 to \$4.50; common, \$4.50 to \$5.00; medium, \$5.00 to \$6.00; good, \$6.25 to \$7.50; fine \$8.00 to \$10.00.

Planting is full 75% well set with good stand of an estimated crop of 80% of usual planting. Many planters have quit and others will have only one-half and some three-fourths of usual planting.

Receipts for the week, 415; year, 4,175; sales for the week, 438; sales for the year, 2,227. Public offerings, 20; rejections 9.

### INFERNAL MACHINE

### A JAPANESE TRICK.

(Cablegram.)

NEW CHWANG, June 13.—By the ruse of a false retreat a Japanese force at Pu-Lan-Tun today entrapped a Russian force that attempted to pursue and 800 Russians were killed. The Japs sustained no loss.

### JAPS AMBUSHED.

**HOPKINSVILLE TOOK TWO  
GAMES FROM CARIO.**

**It Took Twelve Innings For  
Paducah to Down  
Clarksville.**

Cairo, Ill., June 14—The double header between Hopkinsville and Cairo here yesterday were two of the most exciting games ever played on these grounds. The visitors took the first by the score of 2 to 0, this being the first shut out they have administered a team this season, while the locals won the second by the score of 4 to 3 in a ten inning contest. In the first game the visitors made three hits while the locals only secured two. All during both games the interest was intense and the crowd was kept keyed up to the highest pitch all the time. The score.

First game—  
Hopkinsville 100001000—2 3 2  
Cairo.....000000000—0 2 6  
Batteries—Bomar and Moore; Wilder and Rutledge.  
Second game—  
Hopkinsville 1000000200—3 7 5  
Cairo.....300000001—4 6 6  
Batteries—Alexander and Moore; Bittroff and Rutledge. Shuster umpired both games.

Paducah, Ky., June 14—Paducah continued her winning streak yesterday but it required twelve innings to win from Clarksville by the score of 1 to 0. Score:

Paducah.....1 9 4  
Clarksville.....0 9 3  
Batteries—Frakes and Pettit; Brabie and Laun, Umpire Zinkan.

Henderson, Ky., June 14—Henderson outbatted Vincennes yesterday and won easily by the score of 4 to 0. Score:

Vincennes.....0 4 1  
Henderson.....4 11 1  
Batteries—Gunn and Hugg; McNutt and McKenna. Umpire Setley.

That's playing ball some. We shut out Cairo. Wow! We split even with Cairo, and have won four out of seven games.

It's a cinch that we will break Paducah's winning streak.

Bomar and Alexander certainly pitched splendidly yesterday. Cairo only made two hits off Bomar and six off Alexander, and it required ten innings for them to make those six. There are not two better batters in the league than these two, either.

Bryant is putting up a great game for Henderson at second base.

Smith, who has been playing with Nashville, will again be seen in a Cairo uniform. He has been playing good ball for Nashville but Cairo wanted him so bad they offered a fancy price for him which Fisher couldn't refuse.

The team returns home and opens with Clarksville Friday. They play four games at Paducah, one a double header. The fans here feel sure that they will at least take one game and break Paducah's winning streak, something which the other teams have failed to do.

The Cairo Bulletin has the following about Piepho and Moore, the new short stop and catcher who have not yet been seen on the local diamond:

Piepho is putting up a great game. In Moore, Hopkinsville has another Street. He's heady and foxy. Look at the way he tried to fool the "umps" on that short foul on the first base line when he dropped on one knee and picked up the ball pretending that it was in fair territory—it was a perfectly legitimate play but did not fool Shuster. Moore exhibited his good sense by immediately returning the ball to Ferrell with a smile and resuming his position behind the bat. The crowd laughed and applauded his shrewdness, whereas if he had made a grimace at the decision as Street was wont to do, he would have been assailed with ridicule.

Gill Edwards left last night for Decatur, Ill., to rejoin his team. His arm has about entirely healed and

he says he expects to pitch great ball. Edwards now holds the record of strike outs for the Three I league, he having fanned thirteen recently.

## Colored Ball League.

The Memphis papers of yesterday state as follows regarding a baseball league of colored teams:

"Plans for launching the first baseball league ever organized in the south composed of negro players have been completed and a schedule will be adopted at a meeting of managers in this city next week. The league will consist of clubs in Memphis, Hot Springs, Little Rock, Paducah, Nashville and Louisville. Jake Redwood will manage the local team, with Ed Wall assisting. There is abundance of good colored material in Memphis, and a strong aggregation will doubtless be collected. It is not settled what grounds will be occupied.

## WORLD'S FAIR

**AND LEAST COST AT  
WHICH IT CAN BE SEEN.**

**One Who Has Been There  
Says That It Can Be Done  
For \$25.**

What will it cost me to see the fair?

This is the question hundreds and thousands of people are asking. And there are as many answers as there are questioners. It will cost you as much or little as you choose.

By careful economy and by making arrangements in advance one should be able to see the fair one week—the actual fair without trimmings—for \$25. This, of course, does not include railroad fare, the Pike, the theatres, the purchase of souvenirs. It includes just this:

Room 6 days at \$1.50.....\$9.00  
Admission 6 days..... 8.00  
Breakfast 6 days at 25c..... 1.50  
Lunch 6 days, (on grounds) at 75c..... 4.50  
Dinner 6 days (on grounds) 75c.. 4.50  
Car fare to grounds, 6 days..... 60

Total.....\$23.10

By arranging in advance a pleasant room may be secured for \$1.50 or \$2 per day. By good luck this may include breakfast. Of course a breakfast at 25c will not be very elaborate but it should consist of good coffee, rolls and fruit.

To save time and a second admission to the grounds, one should count on eating luncheon and dinner inside the gates, which are open from 6 a. m. to midnight. Prices inside the grounds are high.

Of course one might live on a ham sandwich and a cup of coffee, but the exertion of walking around the immense extent of ground makes one's appetite ravenous. Sandwiches cost 15 cents each and coffee is ten cents per cup, and neither is very large.

But for 75 cents one may obtain a simple meal, including a roast, coffee and a small dessert. An elaborate dinner in one of the high grade restaurants will cost you as much as you wish to spend.

By remaining six days you can devote one-half day to each main building. Your evenings may be spent on the Pike witnessing the illuminations or inspecting the state buildings.

This is the minimum one should expect to spend. There will be many things to tempt you to exceed the limit, and it will require great will power to resist them. This, however, is a fair basis upon which one can estimate what it will cost to see the fair.

## GOOD NEWS

### For Subscribers of Cumberland Telephone Co.

This morning in the course of a conversation of a New Era representative with Mr. J. D. Russell, the efficient and popular local manager of the Cumberland Telephone company, in regard to the many improvements that his company is making in its service in this city and county he gave out a piece of information that the patrons of the company will be deeply interested in. It is nothing more or less than a reduction in the already low rates that two classes of his patrons are now enjoying.

Mr. Russell said that beginning the first of July the subscribers who have phones in their residences, within the corporate limits of the city of Hopkinsville, who are now paying \$2 per month will have to pay only \$1.50 per month, which is a reduction of 25 per cent, and those now on party lines at \$1.50 per month will be entitled to single line service. He also said that farm lines, that is farmers having lines to their homes, who also now pay \$2 on party lines, will after July 1st pay only \$1.50.

This is a big cut, but the rapid growth of the service justifies it.

## FARMERS CAN LEARN

### A GREAT DEAL BY GOING TO WORLD'S FAIR.

#### The Knowledge They Can Gain Will More Than Pay For Trip.

ST. LOUIS, June 16.—The greatest school of instruction for farmers, fruit growers and stockmen that has ever existed is the World's Fair at St. Louis. The whole theme of the fair is instruction; its most striking features are those pertaining to education. To the farmer especially the educational features are valuable. In fact more can be learned in scientific, up-to-date, practical farming at the World's Fair in a week, than can be learned at all of the county and state fairs of the country in years. Here everything is thorough and complete and every sort of improved machinery and method of cultivating the soil is carefully demonstrated.

The Palace of Agriculture is the largest building on the ground. Besides this, there are many acres outside the building devoted to agriculture, and the Palace of Horticulture is devoted to fruit and fruit growing. In the Palace of Agriculture the various states of the union and the leading nations of the world have exhibits, showing their principal products.

With the various products exhibited are given facts and figures, showing where the best crops are made and the relative merits of the different varieties of grains, fruits, vegetables, etc.

The United States Government

Experimental stations show their methods of cultivating the soil and destroying insects that injure crops. It would pay every farmer in the land to visit the World's Fair and study the agricultural exhibits thoroughly and learn how to protect his crops from the ravages of insects, how to get the best results from planting, how to cross varieties to the best advantage and how to strengthen and fertilize the soil most effectively. They can see what crops thrive best with different fertilizers, when crops should be varied in order to rest the soil, and a thousand valuable pointers about farming.

In the Model Poultry Farm, just east of the Palace of Agriculture can be seen the finest chickens, ducks, geese and poultry of all kinds, with instructions guiding farmers in the improvement of their poultry.

—The Cairo papers are still saying nice things about the Hopkinsville team. If all the teams got along as well as Hopkinsville and Cairo, and had as few disputes, the "Kitty" league would present the appearance of a happy and contented family.

The Cairo Citizen says: But we had rather lose to the Hoppers than any other team because they are our favorites and a gentlemanly lot of players. Piepho, who played short for Cairo last season and was also captain of the team, is now stationed at short for Hoptown and is playing great ball.

The Bulletin says: The Hoppers are a clever set of gentlemanly young fellows that make friends not only for themselves, but for the city holding the franchise. Hopkinsville has been very fortunate this year and last in securing ball players who know how and do conduct themselves in a manner that reflects great credit upon the gentlemen who are behind the team. They won their games from Cairo on the dead level and lost without a whimper, exhibiting the true sportman's spirit.

## A PLEASANT EVENT

### WAS MRS. HERBERT MCPHERSON'S RECEPTION.

#### An Evening in Honor of Her Sister, Mrs. Norris.—Many Guests.

One of the most pleasant social events of the season was a reception held Tuesday evening by Mrs. Herbert McPherson in honor of her sister, Mrs. Norris, who is her pleasant guest. The house, which was filled almost to overflowing with guests, was beautifully and artistically decorated, the color scheme observed being pink and white.

In the hall the guests were met and greeted by Misses Elizabeth McPherson, Annie McPherson and Jean McKee, who passed them on to the parlors where they were received and welcomed by Mrs. Herbert McPherson, Mrs. Dr. Arthur McCormick, of Bowling Green; Mrs. Jonett Henry and Mrs. Dr. Thomas who presented them to Mrs. Norris.

The dining room was decorated with sweet peas—the color scheme of pink and white—still being carried out. There Mrs. Will Hancock, Misses Louise Jones, Kate Wallace and Emily Kelley presided. Refreshments consisting of cakes, pink and white ices, etc., were served. Misses Mary Wallace and Kate McCrae presided at the frappe bowl.
